ArtGate Pro Deluxe

Bidirectional DMX<->ArtNet/sACN converter, splitter, booster, intelligent merger

Enlarged 2-unit rack mount modification of classic ArtGate PRO devices. ArtGate PRO Deluxe is smart solution to transmit even more DMX universes through single Ethernet LAN 10/100Base-T link since most lighting consoles and lighting software in the market already have ArtNet output by default.

Merges two incoming ArtNet streams as well as any combination of ArtNet and DMX streams into DMX output for perfect show backup. All DMX ports may be used as inputs or outputs. Compatible with any hardware and software supporting ArtNet and sACN protocols. Configuration is performed through web-based management page and ArtGate Manager utility. Comes in 12-port and 16-port modifications.

Key Features

DMX Bi-Direct — DMX Bi-Direct

Double IP — 2 IP addresses per Device

User-Friendly Web Interface

DMX RDM — Supports RDM

ULTRA START — UltraStart

Galvanically Isolated Ports

Natural Heat Convection

Advantages

Minimum loading time, fastest recovery after short power failure

Master IP that never gets lost

Natural heat convection, no fans or coolers, no vent slots – full protection from dust and smoke increases product lifetime

Maximum surge protection – power supply optimized for voltage from 100 to 315 V

Full galvanic isolation of all ports

Up to 16 DMX outputs

Simple user-friendly web interface

Configurable DMX port direction

Application

Convert DMX512 into ArtNet and sACN protocols in both directions to transmit DMX data through Ethernet LAN

Transmit more DMX streams with less cables

Lighting control and management through single Ethernet network

Convert mapped video content from mapping software into DMX streams

Ensure interfacing between modern stage lighting software and DMX lighting

Real-time control of video projectors and laser units supporting ArtNet or sACN from DMX console

Merging Options

HTP: highest takes precedence

LTP: latest takes precedence

AUTO: last modified takes precedence – intelligent merging mode that provides availability to manage installation from two consoles simultaneously

OVERLAY: merges custom slots from two ArtNet/sACN streams, fully customized through web interface

PRIORITY: for sACN streams with priority tag, console with the highest priority for a given Universe will be in charge

ArtGate Pro Deluxe

Bidirectional DMX<->ArtNet/sACN converter, splitter, booster, intelligent merger

Technical Specifications

Mechanical

- Housing: Solid case
- Material: Metal
- Dimensions, mm: 482(D) x 88(H) x 110(W)
- Mass: 1.27 kg
- Mounting: Rack 2 unit

Power & Electrical

- Power supply: ~90-250 VAC, 50/60 Hz
- Input Power (max): 5 W
- Mains Fuse: 0.5 A

Environmental

- Operating Temperature: 0…+60°C
- Storage Temperature: -50…+70°C
- Operating Relative Humidity (max): 95%
- IP Rating: IP 20
- Certification: CE, RoHS
- Warranty: 36 Month (Return to base)

Control / Data Connections

- Supported protocols: ArtNet I, II, III, IV/sACN, DMX512, RDM
- DMX data refresh rate: 44 Hz

Inputs / Outputs

- DMX ports: 12 or 16
- Connectors: 12 or 16 XLR(F) (5 pins, 3 pins)
- Ethernet port: 10/100 Base-TX
- Ethernet connectors: RJ-45/ EtherCon

Configuration / Indication

- Setup: Web interface
- Indication: LEDs for DMX and Ethernet activity

Package Contents

- ArtGate Pro Deluxe
- Power Cable
- User guide

Product Line

Name	Modification	Product code
ArtGate Pro Deluxe	12 DMX inputs/outputs (3-pin), 1 Ethernet port	AGPD-3-12DE
	12 DMX inputs/outputs (5-pin), 1 Ethernet port	AGPD-5-12DE
	16 DMX inputs/outputs (3-pin), 1 Ethernet port	AGPD-3-16DE
	16 DMX inputs/outputs (5-pin), 1 Ethernet port	AGPD-5-16DE

ArtGate Pro Deluxe

Bidirectional DMX<->ArtNet/sACN converter, splitter, booster, intelligent merger

Connection Scheme

Accessories

Name	Product code
Truss mounting kit	MCA-2-TMK
Ethernet Cable 3m	DMX-ACC-ETH-0300
